

GENERAL ASSOCIATION

**Of Baptists To Meet In
Louisville November
14th to 17th.**

The seventy-ninth session of the General Association of Baptists in Kentucky will meet in Louisville, November 14 to 17. The churches of Louisville are providing homes for a thousand messengers. The railroads grant greatly reduced rates. Automobiles will convey passengers from the depot to their homes.

The Association will be called to order in the Walnut Street Baptist church at 4 p. m., Tuesday, November 14. Officers will be elected and the general work carried on.

Thursday night will be State Mission night, and a great number of Mountain preachers will speak. This will be one of the most thrilling hours of the Association.

On Thursday afternoon the meeting will adjourn, for those attending the Association, to be given an automobile ride over the city. An enthusiastic welcome awaits those who come. Ten years ago the Baptists of Kentucky gave \$84,000. To all purposes this year they will give \$196,000.

NOT A FORCE BILL

Senator La Follette, of Wisconsin, the sole Republican in the Senate who voted for the eight-hour law, denies the Republican charge that it is a force bill procured by the threats of the brotherhood. The only force recognized in its passage was the force of public interest. Neither did Congress act without consideration. The question of an eight-hour day was not a new one and every Congressman was alive to the issue. Notwithstanding Senator La Follette's support of the bill he was renominated for the Senate by his constituency, an evidence that they agree with the stand he took and that he did right in standing by the president. Uncle Joe Cannon voted also for the eight-hour law along with 70 other republicans in the house. Wonder how the old czar likes the criticisms of the bill by those who would discredit him for the sake of a point against President Wilson.

DR. BEAZLEY

Specialist
Eye, Ear, Nose and Throat.

Journal Items

(Pembroke Journal.)

There was a good meeting of the Christian County Strawberry Growers' Association Wednesday afternoon. Reports from growers indicate that the Association has about 130 acres of berries in first-class condition, a few of the members letting the grass and weeds take their patches.

Dr. C. W. Lester, one of the leading physicians of Todd county, died at his home at Guthrie last week, of apoplexy, aged 59 years.

Dr. J. D. Barker sustained a badly sprained wrist a few days since while cranking his automobile. He thought the wrist was broken, but an X-ray examination disclosed no broken bones.

Mrs. W. R. Dudley, who had been ill for several days, submitted to a Caesarian operation in a Nashville sanitarium Tuesday. The operation was entirely successful, so far as the physicians can determine now, and Mrs. Dudley is reported getting along nicely. The child, a fine boy, is also doing nicely.

Clarence Hulse, son of Rev. and Mrs. T. L. Hulse, of Hopkinsville, accidentally shot himself in the arm Tuesday at the home of his brother, Frank Hulse, near this city.

Mr. Hulse had been out hunting, and, it is reported, encountered a snake near the house. While prodding the snake with the butt of his gun it was discharged and the lead took effect in the muscles of the left arm, making a very serious wound. He lost a good deal of blood before physicians reached him, and was very weak as a result.

FOR SALE

House, barn and fifty acres of land one mile from courthouse on North Main Street.

J. R. REEDER,
Care L. & N. R. R. Co.,
Evansville, Ind.

Not Yet

Not yet is the "passing" of the horse. It is said that by count there are 60,000 horses in the city of Detroit, and that the last 14 years in spite of auto trucks and the 40,000 automobiles in the same city, the horses have increased from 13,000 to 60,000. It is further estimated that 83 1/2 per cent. of the road transportation of our country is still done by horses.

ENGLAND HOLDS U. S. TOBACCO

**Heavy Loss Is Probable
Through Action of
London.**

London, Oct. 20.—Large consignments of tobacco from the United States for Dutch and Scandinavian ports are being held here on the claim of the government that they fail to comply with the recent arrangement under which cargoes paid before August 4, and shipped prior to August 30, might proceed to neutral destinations.

Many American tobacco shippers who have their own representatives in Europe with whom they do a wholesale business shipped to them under the impression that the new order would permit such action. The government, however, contends that proof must be furnished that the cargoes were paid for before August 4 by the actual European buyers.

Kentucky Live Stock

Eighteen cars of stock have been shipped from Glasgow in the past 48 hours, all but one going to Cincinnati or Louisville. The regular trains were unable to handle all the stock and a special train was sent out with seven cars. Seventy cars of live stock were shipped from Glasgow during the month of September and broke the record for the year, as the average number of cars each month has been about forty.

DRINK HABIT

RELIABLE HOME TREATMENT

Thousands of wives, mothers and sisters are enthusiastic in their praise of Orrine, because it has cured their loved ones of the "Drink Habit" and thereby brought happiness to their homes. Can be given secretly.

Orrine is prepared in two forms: No. 1, secret treatment; Orrine No. 2, the voluntary treatment. Costs only \$1.00 a box. Ask for booklet.

Hopkinsville, Ky.—Advertisement.

Record Items

(Cadiz Record.)

Cadiz and other neighboring towns are to be visited on next Tuesday, October 24th, by one hundred boosters in automobiles from Hopkinsville. The party will start from Hopkinsville at seven in the morning and will visit Julien, Gracey, Cerulean, Wallonia, Cobb, Otter Pond, Hopson Store, and will reach Cadiz at 12:40, where they will take dinner. They will leave here at two o'clock and go to Canton and Golden Pond, where they will spend some time. They will return to Hopkinsville by the way of Cadiz.

Mr. Henry DeLawson, a well-known citizen of this city who is blind, happened to the painful misfortune of getting his right hip broken last Friday afternoon. He had caught a mule at his home and undertook to lead the animal out of the lot through a gate. The mule pulled back as Mr. DeLawson went through the gate and he was thrown to the ground with much violence and his hip broken in the fall.

Rud Averitt has been given the position as plumber and tinner at the Western Kentucky Hospital at Hopkinsville, and he will go to Hopkinsville today to assume his duties. He will probably move his family to that city in the near future.

WHY "RAMONA" IS A SUCCESS.

The secret, if one can call it that, of the sensational success of "Ramona" is found in the fact that, for the first time in the history of the motion picture art, a photo spectacle has been produced that does not depend on melodramatic sensationalism for its appeal. The ordinary course of procedure is for the producer to take a story or play that seems available material and inject some startling and generally improbable incident in order to provide what is known in professional circles as "The Punch." This situation did not confront the producers of "Ramona," however, as the basis provided by Helen Hunt Jackson's famous novel was in itself all sufficient. They simply took the book and followed it chapter by chapter, taking the various scenes on the actual ground described by the author, and utilizing the real Mission Indians for the background and for the less important characters. The result is a cinema operatic spectacle which for beauty, absorbing interest and correctness of technique, has never been equalled.

"Ramona" is lent an additional charm by the fine symphonic orchestration, specially written by Emil Bierman, and played by an operatic orchestra of expert musicians.

"Ramona" will be the attraction at the Tabernacle on Oct. 26 and 27 with matinees each day.

Tom Stuart Convalescent.

Col. T. G. Stuart, of Winchester, who probably knows more people personally than any man in Kentucky, slowly recovering from an illness that threatened to be mortal. No matter where Col. Stuart—the title was conferred by the Governor—goes he meets dozens of persons he can slap on the back and call by the first name. He never forgets a face or a name. At 16 years of age he edited a paper at Winchester and began to become acquainted throughout the State. As an officer in the Kentucky Press Association he came in contact with the journalistic fraternity and through them he acquired other friends. Since then he has been a lawyer and promoter. His business has required him to travel a great deal and he numbers his New York friends by the well, it wouldn't be safe to use figures. Winchester newspapers use the colonel as a biographical department whenever an old resident dies. Trust him to know all the family connections. —Lexington Leader.

Holds His Own.

Though the sound of the auto is heard throughout the land and the scent of gasoline is wafted over mountains, plains, ordinary fields and city streets, and, though Americans are talking and thinking in terms of the automobile, the horse somehow seems to hold its footing.

The story is completely told in 10 Sections, with a prologue and two acts—5,000 people in the production—1,000 scenes and it took seven months in making among the actual scenes of the book.

**BEAUTIFUL SYMPHONIC MUSICAL PROGRAM AND
A SPECIAL ORCHESTRA.**

Praised by press and public everywhere as the most wonderful, massive and magnificent screen production ever made and marks a new epoch in the camera's art.

ED CAMPBELL OF ST. LOUIS

**A Hopkinsville Boy Died
Wednesday, Aged 55
Years.**

Edward Taylor Campbell, 55 years old, president of the American Central Insurance Co., died at 3 o'clock Wednesday afternoon at his home, 525 Clara Avenue, St. Louis. He had been suffering from a liver complaint.

He is survived by his wife and two children, Mrs. B. G. Chapman, Jr., and Edwin T. Campbell.

Mr. Campbell was the oldest son of the late E. P. Campbell and was born in this city in 1861. He was educated in Ferrell's High School and began business here, but removed to St. Louis about 25 years ago.

Two brothers, Walter and Hugh Campbell, survive him.

Had to Buy His Nomination

Candidate Hughes makes a great ado because Minister Herrick of Ohio, was recalled from France to make room for President Wilson's appointee claiming that his transcendent ability should have left him undisturbed in his position, but the voters of Ohio do not seem to think that Mr. Herrick is so necessary to the public service as he had to buy his nomination for the United States Senate. A sworn statement of his expenditures and that of his supporting league show that together they spent \$51.75 or \$61.75 more than the salary of the office for six years, to secure his nomination. There must be some big stakes in sight when such heavy entrance fees are paid. Wall Street and the interests doubtless put up the money as they are doing to elect a man that they can use. Mr. Wilson has no such backers. His campaign expenses are contributed solely by the common people, whose true friend he is.

STATE MILITIAMEN

**Declared In Federal Service,
Despite Refusal to Take
Prescribed Oath.**

Boston, Oct. 20.—The United States Circuit Court of Appeals ruled that members of the State militia were still in service for Federal military purposes notwithstanding their failure to take the oath under the National Defense Act of last June. This decision reverses a recent order of the Federal District Court. The case was considered a test of the application of the new law upon which disposition of similar cases in other States will depend.
